Certificate of Br. W Smith, of Piase Hill, Rich mond County, North Carolina.

Pinn Hills, March 4, 1854.

Dear Sir: I have been a subject of Dyspopers, in its worst form, for the last five years. Such was my condition for twelve mouths that the physicams and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was aren. While on my way home, I stopped a week at Rutherwordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some madicine for my child and myself. There were several of the village physicians in the store, and one of them, seemed to take some interest in my case and, after asking me some questions, said he had been a dypeptic, and had been greatly benefited by the use of Hoofiand's German Bitters, prepared by welf, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted a small that I would try them that I saked him to get me one bottle. He did it, and I commenced taking itselferted, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbour eathe to me for a prescription and medicine, (he a dyspeptic,) and I gave him nearly all the Bitters I had left, which effected much good in his case. He has day called on me for more of the same kind of medicine, saying he was more benefited by it than any other he bed taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or mere as soon as possible.

Respectfully, yours,
